### IM2 - Instant Messenger 2 Crack Free Download

IM2 - Instant Messenger is a multi-protocol instant messaging application that allows you to chat with your friends via Yahoo Messenger, AIM, ICQ, IRC or Windows Live Messenger networks. The interface is user friendly and although it provides support for so many protocols, IM2 - Instant Messenger is easy to navigate, with most menus boasting intuitive options. Of course, you need to set up each account you wish to use, so a bit of computer knowledge is necessary, but configuring the app is not rocket science. Obviously, you need to know the username and password for each supported protocol you want to configure, but no other settings are needed to start using the app. Just as expected, IM2 - Instant Messenger boasts all the goodies you find in standard apps, including emoticon support, privacy features and file sharing capabilities, as well as theme support for a fully customizable look and webcam utilities for an enhanced chatting experience. The settings menu may seem a bit overwhelming at the first glance, and it probably is given the avalanche of options that assaults the user when opening the screen. Besides the obvious configuration options regarding the supported protocols, IM2 - Instant Messenger also allowss you set up messaging, contact lists, events, skins, languages, email, proxy, file transfer and sharing, multimedia and plugin settings, because yes, the app supports plugins too. You need to spend some time to get to know all its features, but the good news is that IM2 - Instant Messenger remains friendly with computer resources. All in all, IM2 - Instant Messenger is quite a nice way to chat with your friends over the Internet and thanks to the impressive amount of features it provides, it is addressed to beginners and professional users alike. ## IM2 - Instant Messenger 2 Crack+

Instant Messenger is a multichatting application that allows you to chat with friends via yahoo messenger, aim, icq, irc, and windows live messenger networks. Its easy-to-use interface allows chatters to enjoy quick and easy access to their multiple chatrooms. All messenger users need to set up their accounts, which is not rocket science. Of course, the user will need to know the username and password of each account that they want to use, which is obvious. Most users will need to learn just one of the supported chatrooms, but they all have the same basic functions. Instant Messenger supports all the gadgets and features you will find in most yahoo messenger users, including webcam, proxy, chatrooms, and emoticons. Other features include custom fonts, themes, colors, status features, and many other settings that will allow you customize this tool to your liking. You probably already know that AIM is the most widely used chat application in the world. How about ICQ? It's still one of the most popular IM tools out there. And, of course, what about YIM - Yahoo Instant Messenger? With all of these options in one amazing app, it's hard to imagine you won't find the best solution for your on-the-go communications needs. This is a multichat client for yahoo messenger, aim, icq and MSN chats, with webcam support for yahoo, aim, icq, MSN, AIM, and JIM networks. This app uses the same interface as JIM, with everything from the name and icon to the user list and chat screen easily accessible and intuitive. Instant Messenger allows you to chat with your friends through instant messengers instantly. Even though this app is available for all major networks, the whole chat interface is based around Yahoo Messenger, which makes it the most comfortable experience out there. This exciting and trendy chat app is not only used to send private messages, but also to chat with your friends or with other ICQ users. Instant Messenger is built to be used with instant messengers from four major networks. As long as you know the ICQ, aim, yahoo or MSN ID you have created in the chat rooms, you can chat with someone else using the same network. Besides the basic features you will find in other chat clients, this one is packed with lots of exciting ones. Download Instant Messenger right now and have an instant messenger experience you won
