Error: When applying The Matrix: Path Of Neo Patch 1.1b the game get stuck at the "The browser or viewer is not capable of running this file." message when loading the game. This is a known issue. Re: The Matrix: Path Of Neo v1.0 I'm using C4D 5.5 and it worked great, but when I upgraded to 6.0 it seemed to be missing something, as it added some weird objects that I can't remove. I tried following the guides in the forums but it just doesn't work. So I downgraded back to 5.5, but had to use a different program for the conversion. First, I downloaded the game in C 570a42141b
