The dark and the light The lantern is yoked to the here and now, but it cannot hold time itself. It takes the shape of a man, and explores the past, present and future. It has memories to share. It asks, where have we been? The Great Perhaps is a beautiful, melancholic time-travel adventure that, from time to time, invites you to think. It will take you to the very limits of what we can know. It will make you wonder about the very things which are sought after in our daily lives. Through the game's various mechanisms and design decisions, it will question your assumptions about the world and the meaning of life. RADICAL GAMES Main developer Caligari Games is a small independent studio that was set up as a one-man operation. Yet in the course of three years, The Great Perhaps has been created and expanded. Many other people have been involved too, all of them with just as much passion as the game's creator. Here we would like to thank them all. 60 Reviews The Great Perhaps: The Great Perhaps is a beautiful, melancholic time-travel adventure that, from time to time, invites you to think. COGconnected There's nothing quite like a quirky, interesting, and mechanically unique indie game. Caligari Games and Daedalic Entertainment have presented us with such a situation, combined with a fascinating gameplay mechanic which is essential to solving the games' puzzles. GamePitt The Great Perhaps constantly reminds you of everything, and everyone, that was lost in whatever this disaster was, and when the lantern inevitably times

===== THE ARCHER:
Dead Hunt is a fast-paced action adventure game, that you can play in co-op mode with your friends. Become the greatest archer in the world, able to kill monsters with the perfect aim. Fight for your life to defeat the mercenaries in the melee and adventure mode. When playing alone, the game is divided into 3 worlds where you can find over 6 locations full of unique enemies and puzzles. Avoid traps, fix broken walls and you will be able to use all the items available to you. Buy your ammo, jump to avoid obstacles, run quickly to find the secret paths. The world of the archer is based on the artwork of the legendary Spanish artist Miguel de Murcia.

The perfect ending has been obtained as its time to hit the road and exploring an open world of Lordran, the second game in the Dark Souls series, successor to the original Dark Souls. The game is a combination of the best elements from the previous Dark Souls games to create a new version of a fantasy action RPG. We've seen this before with games such as Final Fantasy 14, the Dark Souls games, and the Witcher series. There is a point in these games where you receive a pretty strong level of involvement in the world and the townsfolk that you help or hurt. As an example, the Dark Souls games contain a quest called the Bloody Palace where you help a village fight back against monsters that are trying to overrun the area. The world is not just a static place where you just jump into it. There is a story and even a portion of players will seek out the Hollowed King, an NPC who will reward you for killing him in a randomized sequence. Its time to find out how the story of Lordran plays out, and we c9d1549cdd

What's new:

, Part 2-6: Solana and the missing hex That should never have been: adventures in the bucolic countryside of Pixelia, circa 1990. ASK YOUR BOOKSELLER FOR THESE BANTAM REFERENCE WORKS. FOR THE MODERN SETTING DESIRES TO REIMAGINE TREASURES OF HIS PAST, ONE MUST FIND AND MAKE HIS OWN. This is the place, Solana! Welcome to the farm. This is the farm. This is where Solana starts her adventures. She decides to plant a pumpkin and her mother gives her land. Mina is at town. She goes to a movie. How bad can it be? Freaks. I've got a clue where she might be. The boss would be pleased. No. Oh, crap. I knew he wanted to get out of town somehow. But surely he didn't go far! It's the Proctors. They're after me! Where can I hide? Nobody was ever built good enough to keep a secret here. All the best. In the last installment of Lush Life, we found our protagonist, Solana, to be making a modicum of progress with her life back home, living next to her land with her mother, and getting to know the local cat that's stranded on their property. It seems like things are going better for her than in the first six sentences of the novel, after all. Only, soon enough, adventures crop up and it's (the) time to shove the past away and go forth into the world, as young men are wont to do. That was way back in the life of Golyata Proctor. It is 1969. Astonishingly, Golyata and her friends have not aged a day. They are driven by the mad, insatiable appetite of the adult world, giddy with freedom to travel and do what they want when they want to do it. In her early twenties, Golyata is driven to the edge of sane with the prospect of having to move into the matriarchal regime, her occupation and way of life about to be made over by the politicians and bureaucrats that run things in her society. Neither her husband nor their son make an appearance, which gives
